Example Shipment – Beijing CN to Minneapolis MN US

- Routed from Beijing CN to Minneapolis
- Beijing is in "N China" (origin) and Minneapolis is in "US" (destination)
- Surcharge amount would be $2.01 per kg

§ Surcharge reflected above is in USD per kilogram of chargeable weight and reflects amount of surcharge and not the entire rate. Other currencies will fluctuate pursuant to prevailing currency exchange rates and are subject to fees. For details see UPS Air Freight Terms and Conditions of Contract.

Because industry conditions are dynamic, the surcharge is subject to decrease, increase, termination or expansion to additional lanes. To view the current capacity surcharge structure, please visit our Surcharges homepage. As a reminder, for bookings made outside of those lanes with explicit surcharge amounts, one day quotes or customized charges may apply. The global air cargo conditions remain in flux, and capacity continues to be constrained, as local government restrictions around the globe persist. While UPS remains open to provide service, advanced shipment-specific planning will assist our efforts to meet your specific service requests. Your local UPS operations and sales professionals are here to support the movement of these shipments, and we are making all reasonable efforts to avoid delays. However, shipments are subject to delays/service disruptions due to conditions that are beyond our control.

The above surcharges will be assessed on UPS® Air Freight Premium Direct, UPS Air Freight Direct®, UPS Air Freight Consolidated®, UPS Trade Direct Air®, and UPS Temperature True® shipments and will be reflected on your invoice.
